QUESTION 19

Movie Review and Rating Website

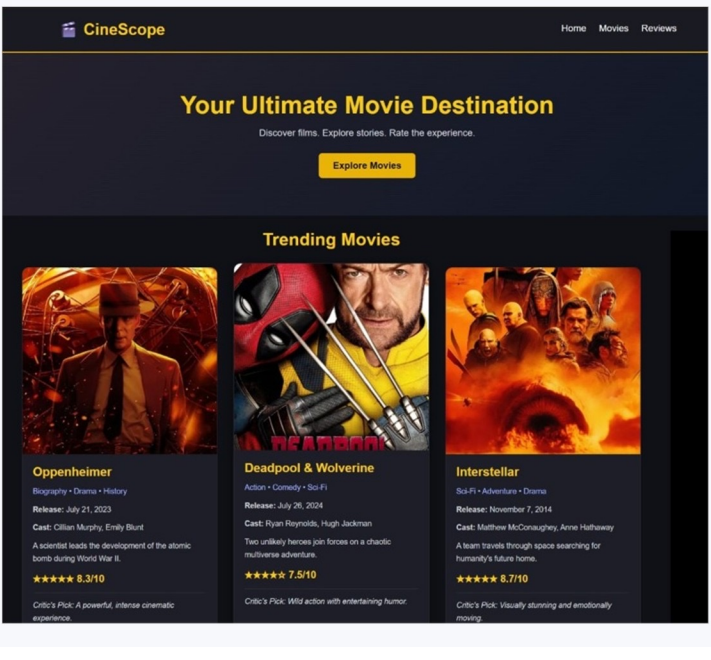

SELECTED QUESTION / STATEMENT

Create a movie website featuring film posters, genres, release dates, cast information, synopsis, critic reviews, and rating displays. Use responsive grids and visually appealing movie cards.

WEBSITE EXPLANATION

CineScope is a movie discovery and review website that helps viewers explore trending films at a glance. Each movie card brings together its poster, genre, release date, cast, short synopsis, critic pick, and star rating in a clear, responsive layout.

QUESTION 22

Trekking Website

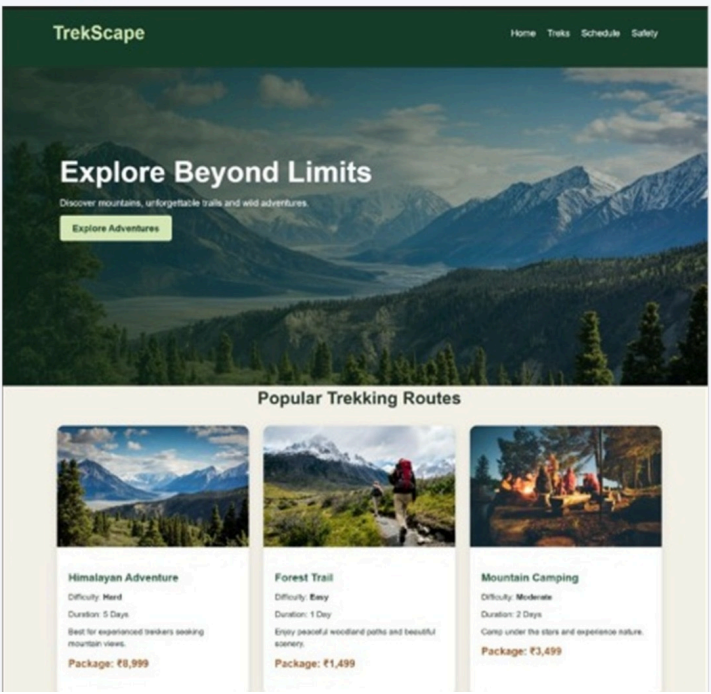

SELECTED QUESTION / STATEMENT

Build a website showcasing trekking routes, camping trips, difficulty levels, trip schedules, equipment checklists, safety guidelines, and package prices. Use image overlays and visually distinct information panels.

WEBSITE EXPLANATION

TrekScape is a trekking and outdoor adventure website for discovering routes and planning trips. Visitors can compare destinations by difficulty, duration, and package price, then review a sample schedule, packing checklist, and practical safety guidelines.

QUESTION 27

Business Analytics Dashboard

SELECTED QUESTION / STATEMENT

Design an analytics dashboard displaying revenue, users, sales trends, performance metrics, charts, and recent activities.

WEBSITE EXPLANATION

Insight.ft is a business analytics dashboard that brings key company metrics into one view. It highlights revenue, users, sales, and profit, with monthly trend charts, performance indicators, recent transactions, and activity updates to help users quickly understand business performance.
